BUILDS:

Begin your run at an easy pace, during the middle of the run increase your pace, and then increase it a second time to finish.

LONG RUN:

This is a long, slow distance run to build endurance. These should be done at an easy conversational pace.
It's okay to walk if you need to, just focus on covering the distance for the day.

EFFORT KEY:

EASY - You can hold a conversation | **MODERATE** - You can say short phrases
HARD - Speaking is virtually impossible
